Travel aboard a deluxe highway coach to Covington, Kentucky. Rest and meal stops will be made periodically. This afternoon we visit the magnificent St. Mary's Cathedral Basilica of the Assumption which houses the largest religious stained-glass window in the world! Later today we embark on a delightful sightseeing cruise on the Ohio River. Enjoy beautiful views of Cincinnati and Covington. Gather for dinner at a local restaurant. Overnight in Covington. The balance of the evening is free to explore Newport on the Levee which offers a selection of sights and attractions. The next morning, following breakfast at the hotel, travel south to Williamstown and visit The Ark Encounter. Enjoy ample time exploring one of the most impressive man-made attractions in the country. Following the design and dimensions given to Noah in the Old Testament, 100 skilled Amish carpenters labored for over six years in building the largest timber structure in the world. Looking up at the massive structure and incredible workmanship of the hull is only the beginning of your encounter with the Ark. The artistic excellence continues inside on three decks full of beautifully crafted exhibits that may inspire you to think differently about the biblical account of Noah's Ark. Later today we begin our journey home.
